

BoxLED® Midi

Floodlight

The BoxLED® MIDI is a floodlight that is designed for performance and reliability. The MIDI can deliver between 6,200 and 11,700lm with an efficacy of up to 130 lm/W. This luminaire comes with a choice of parabolic reflectors, either symmetrical or asymmetrical wide beam distribution. The 4mm microprismatic tempered glass diffuser provides optimized glare control. This IP66 and NEMA 4X rated fixture is wet location safe and provides protection against dust and other airborne contaminants. The BoxLED® MIDI is approved for operation in ambient temperature environments ranging from -30°C to +40°C. This fixture has a lifespan of L80 @ >60,000 hrs and is available in 3 colour temperatures, 3000K, 4000K, 5000K.

With a 180° adjustable yoke and 9 mounting options, The BoxLED® MIDI will work well in indoor or outdoor applications such as building façades, monuments, security, tunnels and signage.
