

Viscor launches New Wet Location Troffers

NEW Product!
Wet Location
Troffers

Visioneering's series of wet location recessed troffers designed and built for demanding wet and dusty environments. They are both functional, stylish and suited for shallow and obstructed plenum applications such as Food Processing Areas, Healthcare Spaces and Supermarkets. They are fitted for in-lay T-bar and drywall ceilings, making it perfect for indoor spaces. This series of recessed troffers is offered in 3 different sizes with various lumen packages.

These IC-rated luminaires are constructed with a welded steel housing and finished with white polyester powder paint. Various lens options are available with the additional option to add tamper proof fasteners.

Features and options:

- Wet Location Listed
